ACADEMIC PROJECTS

Campus Placement Prediction Using Machine Learning (01/2023 - 03/2023)

Implemented a data collection system to gather academic information about students - Analyzed the collected data to identify patterns and trends - Developed a predictive model to determine the likelihood of students securing a placement - Successfully predicted student placements based on the gathered academic information - Improved decision-making process for placement opportunities through data-driven insights

CERTIFICATES

INFOSYS SPRINGBOARD CYBERSECURITY (11/2022 - 01/2023)

Achieved a solid understanding of core concepts in cyber security through rigorous self-study and completion of online courses. Demonstrated proficiency in implementing essential security measures, including firewalls, antivirus software, and encryption protocols. Enhanced knowledge 1/2 and skills in threat detection and incident response through active participation in cybersecurity competitions and challenges.

CMKKY (CHIEF MINISTER KAUSHALYA KARNATAKA YOJANE) WEB DEVELOPMENT (10/2023 - 11/2023)

"Certified by the Government in Web Development, I have honed my skills through rigorous training and hands-on projects. During my certification program, I delved into various aspects of web development, mastering languages such as HTML, CSS, JavaScript, and more. I tackled real-world challenges, creating responsive and visually appealing websites from scratch.
